Specifications

- DESCRIPTION** The luminaire shall be cast aluminum construction, with a floral pattern, a globe holder with integral enclosed ballast housing, and a decorative one piece globe with an 8" neck. The luminaire base shall measure 10-1/4" in height and 4-3/4" diameter at the bottom.
- MATERIALS** The luminaire base and ballast housing shall be heavy wall cast aluminum formed true to the pattern with complete detail. Globe material shall be clear (standard) or white, textured polycarbonate. All hardware shall be stainless steel. All exterior hardware shall be tamper resistant.
- INSTALLATION** The luminaire shall mount on a 3" O.D. tenon with six 1/4" dia. socket set screws. The globe shall be secured to the luminaire by four 1/4" dia. socket set screws. The ballast and socket assembly shall be furnished with a quick disconnect plug and mount on a removable ballast plate. The ballast plate shall be removed by loosening two screws. A strain relief shall be provided in the luminaire below the quick disconnect plug to hold post wires in place.
- FINISH** BK-DB-WH-GR-GY-SL baked enamel standard, other colors available.
- LIGHT SOURCE** Luminaires shall be furnished with either an H.I.D. ballast and socket assembly or an incandescent socket. Sockets shall be glazed porcelain mogul or medium base, with a copper alloy nickel plated screw shell and center contact. Ballast shall be core and coil, high power factor, regulating type.
